Absent: Lori Mulford

- NYS Allies for Public Education—Cathy shared a counter-resolution regarding the use of test scores for APPR purposes that she hoped the Board would support at the School Boards Conference. Since no one is attending the conference, we cannot support the vote.
- Board-Staff Relations –Tom shared his concern that staff members are not feeling supported by the Board of Education and that it is having a detrimental effect on morale. Members of the committee agreed with his assessment, but had no real suggestions as to how to improve the situation. Tom asked that they give it some thought.
- Budget Forum—Lois shared the questions we asked last year and asked for thoughts. Members seemed to think the same questions still apply.
- We scheduled the next meeting for Friday, December 12th, at 1:30 in district office.
