Highlighted areas are action items.

1. Review minutes.
2. Student – teacher evaluations. M. Villanti reported back on legal issues. They are foilable. Consensus is that we create school level appropriate surveys, grades 3 - 12 that are paper, disposable and voluntary for teacher and students. We will bring some samples.
3. Discussion. Text and phone blasts. Update on Telephone Consumer Protection Act. Group felt that we should reserve calls and texts for urgent matters that are typically safety related.
4. Discussion. Social Media Policy. Discussed briefly. Seemed there was interest to discuss further and Dr. Villanti asked members to talk with their stakeholders to identify any problem issues.
5. Other issues from Council Members. Web page design.
6. Setting goals for the year. Let's be realistic in the use of our time and stick with a small number of topics that are doable. Mary Foresell, web page developer will seek input of the group as she prepares for next years remake of the web page. There seemed interest in working on this topic as a main issue for us for the year.
