

Site Team – Sub-Committee  
February 4, 2014  
Meeting Minutes

Attendees: Michael Murphy, Erin Shields, Judy Coppola, Michelle Antonelli, Rebecca Chaoussoglou-Rotter, Elizabeth Giancaspro

1. Discussion of the merger of the Site Based Team and IMPACT Team was presented by Mr. Murphy. He stated that all of the other buildings combined the two teams last year. Both teams will be working on selected building goals that were assigned in the beginning of the school year. The original Site Based Team will continue their work on anti-bullying and DASA related items. The IMPACT Team will continue their work with Morale/Pull-outs. Team members might also be asked to work on additional projects that arise within the building.
2. IMPACT Team – So far the team had decided to hand out index cards at a faculty mtg and have the staff brainstorm morale ideas and a list of reasons for students being pulled-out of classrooms. The pull-outs will include all reasons that students are being pulled out of a classroom setting and possible solutions to the problem. It was suggested that the extra meeting time scheduled for IMPACT on Feb. 26<sup>th</sup> be used as a faculty meeting to discuss and have staff complete the index cards. Mr Murphy will look into scheduling that new faculty mtg and readjusting the March faculty mtg.
